## COOKWARE STAND CWS6

**Enclume cookware racks are the ultimate in Quality, design, strength and function. Congratulations for owning one of the finest Storage racks made.**

### Components included:

1 – 6 Tier Cookware Stand

## ASSEMBLY AND INSTALLATION INSTRUCTIONS

### Rack Assembly: FULLY ASSEMBLED

All of our hammered steel racks are finished with an industrial wax designed to give years of protection to the rack. Cleaning is easily done with a damp cloth. Dry thoroughly after cleaning. If a touch-up is ever needed we recommend a "Pledge" like wax product.

### WARNING

This rack is intended to be placed where it is out of the way of foot traffic and will NOT be bumped or leaned on. It is not intended to protect stored pots or items from spilling, and the rack itself can be tipped over if not used and stored carefully. Since it may be used to store heavy pots or hot food items while cooling, improper use or placement could cause it to tip over, or cause the pots or food to spill, possibly causing severe personal injury. Be sure it is against a wall, in a corner or otherwise placed where it will not be bumped or hit. Heavier items should be stored at the bottom of the stand.
